CAREER OBJECTIVE

Motivated and detail-oriented Computer Science graduate seeking a challenging position as a Software Engineer in a reputed organization to utilize my technical and analytical skills for the growth of the company while continuously enhancing knowledge and aiming to contribute to innovative projects that combine creativity with code.

EDUCATION

Budge Budge Institute of Technology   Kolkata, India
Bachelor of Technology in Computer Science and Engineering   *August 2022 - June 2026*
CGPA: 8.28

BBIT Public School   Kolkata, India
Senior Secondary in Science   *April 2020 - March 2022*

PROJECTS

Local Bike (Ride) Booking App | *React, Tailwind CSS, Node.js, Express.js, MongoDB*   August 2025 - Present
- Designed and developed a web platform enabling real-time bike bookings in rural regions.
- Implemented Google Maps API for live tracking and MongoDB for location-based data storage.
- Focused on scalable architecture and optimized querying for performance.

GreenBasket | *React, Tailwind CSS, Node.js, Express, MongoDB*   June 2025 - July 2025
- Developed a grocery web app with user and seller authentication, product image uploads (Cloudinary), and MongoDB for dynamic data storage.
- Built robust APIs to support inventory and order management using Express and Node.js.
- Employed responsive UI using Tailwind CSS and integrated real-time data updates.

TECHNICAL SKILLS

Languages: Python, SQL, Java, C
Web Technologies: HTML, CSS, JavaScript, Tailwind CSS, React.js, Node.js, Express.js
Frameworks / Libraries: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn
Platforms / Tools: GitHub, VS Code, AWS, Google Colab, Jupyter Notebook
Databases: MySQL, MongoDB

INTERNSHIP EXPERIENCE

Edunet Foundation | Microsoft | AICTE   May 2025 - June 2025
AI Azure Internship
- Gained practical experience in building, training, and deploying machine learning models using Streamlit and Python.
- Developed a Movie Recommendation System using collaborative filtering techniques to suggest personalized movie recommendations.

CERTIFICATIONS

- Artificial Intelligence Primer Certification - Infosys Springboard
- Introduction to Front-End Development – Meta
- Programming for Everybody (Getting Started with Python) - Coursera
- TCS iON Career Edge-Young Professional - TCS

ACHIEVEMENTS

- Succesfully completed a training on **Machine Learning with Python** conducted by the **All India Eminent Faculty Council of Engineering, Management and Technology.**
- Completed **Robotic Process Automation Bootcamp** by **C-DAC Kolkata** in collaboration with BBIT.
- Secured **AIR-48** in the **League of Errors** coding competition at BBIT, hosted by Coders' Club and Coding Ninjas.
